ME 3050 Lecture - Introduction to Analysis

Tristan W. Hill - Tennessee Technological University - Spring 2020

- **We spent the last two weeks deriving differential equations.**

- **Now What?**

- **Lecture This Week**
  - Trial Solution - 1st 2nd Order - Free Response
  - Trial Solution - $f(t)$ - General Forms

- Consider the system shown below. Make? Model?
